Quantum Yin Yang Symbol was designed by John Lawrence King from a photograph for the belief system of Yin Yang Quantum Buddhism that is a communal-living system not a hierarchal system.

The Quantum Yin Yang Symbol is representative of the Quantum Equilibrium of the polarities!

This belief system is also suitable for the devil babies of Europe and other countries globally

Advanced Gaia and the Atmospheric Barometer - Gluon Isospin + Gluon kinetics affect the rate of quantum entanglement that indirectly affects the velocity of photon-pacts that interchange, red, blue and green - during spiralling cycle of quantum entanglement and tunnelling in the atmosphere combined is an affecter on the Barometer. All the inventions on this website may be manufactured all I (J.L.King) ask is %2 of the income generated via the product manufacture and/or income generated by the implementation of concepts on theses websites, though there is no obligation it is absolutely Good-Will if you give 2% of the income generated via the manufacture of products to the real Auther/science inventor (John Lawrence King), in order to maintain the websites independently.

Goodness is being of service to help others in a lawful harmless way as the flowers grow both polarities of the path of evolution, avoid all extremities whilst walking the path of evolution embracing communal-live and be harmless

Though fermented fruit and vegetable equivalents in the form of powdered gels + water (in manageable packets) to feed the poor (if the crops fail) if 100.0000 packets of fermented fruit and vegetable powdered gels are produced each day, that would feed a 100.0000 people each day and if the crops fail there would be no famine ever with implementation of industrial microbiological fermentation plants for production; this harmless service should be completely free to manufacture in any contrary and the initial investment could be derived from floating stocks on the stock exchange; just reference to this website for the inventive ideas please.

Most hypothesis on this website is based on the quantum field theory and the pattens in nature:-

Two quantum field theory links to compare:

The more extreme greed and selfishness the closer are Nostradamus prophecies; Do NOT YANG_YANG anyone monarchs it's against the laws of Atmospheric Quantum Karma, according to the pattens of physics.

Applied-Neuro-PhysicsScience

Applied-Neuro-PhysicScience is the usage of Quarks, Bosons, Leptons and Gluons in an applied science/holistic/ethical way.
